Subject: Time extension for floor pump engines

Hi Kevin,

My apologies, I thought I had answered you in an email but I did not. EPA and PADEP are fine with your extension request as detailed in your letter, which will give you the time to install the test ports and plan for the testing. Please let us know if you are not able to complete the testing within this timeframe.

I wanted to follow-up with this request. Were you going to send just an email response or a letter?

Thanks,
